Welcome to Partner Center!

As a Microsoft partner on Partner Center, you have at your fingertips an entire platform designed to make it easy to create and manage business profiles, manage referrals, and do business with customers and indirect providers.

To create a Partner Center account, you'll need to provide the following information. You may want to take a few minutes to gather these items before you get started:

- **Global administrator credentials for your work account**

You'll need to provide the user name and password you use to sign into Office 365, Microsoft Azure, or Microsoft Dynamics CRM. If you don't have a work account, you can create one during the enrollment process.

- **The user name and password you use to sign in to the Partner Membership Center site**

We use this information to link your organization's Microsoft Partner Network ID (MPN ID) with your new Partner Center account so that you can manage your membership benefits and data in Partner Center.

- **Your organization's legal business name, address, primary contact, and support details**

We need this information to confirm that your organization has an established profile with Microsoft and that you are authorized to act on its behalf.

Please note that it can take us several days to review and verify the information you've provided. We'll email you when we've completed our review.

Note: **MPN and CSP are separate programs.** To continue transacting with CSP, you must onboard to CSP in Partner Center in the [same region](#) as your Indirect Provider and then accept the MPA.

2. Click on the **Sign in** button to sign in with your Microsoft global admin work account.

If you are already enrolled in the MPN program in PC, you may sign in with the same account to onboard to the CSP Indirect Reseller program.

Note: Please review article explaining CSP region restrictions prior to enrolling.

Otherwise , you can click **Create one** to generate a new AAD tenant and account to manage CSP Indirect Reseller program.

You will then use the newly created credentials to log in to the

Note: To accept the Microsoft Partner Agreement, you must log in with an account that has Global Admin rights. The link from the previous slide will guide you to create an account with Global Admin rights. If you have an account that needs to have Global Admin rights added, please speak with your IT department.

3. Sign in using your account username and password (the ID for signing into an Office 365, Azure, or Dynamics account).

Example:

admin@partnerabc.onmicrosoft.com

Please note that you must sign in using an account that has global admin privileges, and one that you plan to use to manage your CSP Indirect Reseller account in the Partner Center.

10. You can check the progress of your legal business entity verification by clicking on **Partner Profile** in **Account Settings** or by checking the **Partner Settings** from the mobile **Gear icon**.

The screenshot shows the Microsoft Partner Center Dashboard. The left sidebar contains a menu with 'Account settings', 'Partner profile' (highlighted with a red circle), 'Organization profile', and 'User management'. The main content area is titled 'Partner profile' and includes a description: 'Your partner profile contains your registration info and settings.' Below this is a section for 'Legal business profile' with an 'Update' link. The verification status is shown as 'Pending'. A progress timeline follows, with steps: 'Verification Started' (completed, green checkmark), 'Email Ownership' (current step, yellow clock icon), 'Employment Verification' (pending, grey circle), 'Business Verification' (pending, grey circle), and 'Decision' (pending, grey circle). The 'Email Ownership' step includes a detailed message: 'Verification email sent to primary contact, currently v-dawidn@microsoft.com. The primary contact should verify their email address before we can continue with our review.' It also provides two links: 'Update primary contact' and 'Resend verification email'.
